Field of magazine subscriptions; - availabilities

OPC get copies of [] list and report.

FGW suggests future discussion on overall basis for private agencies in PW field.

Meeting next week; Tues., 10 October 1950 for purpose of discussing allocation of activity, white, grey, black.

25X1A

[] - 18 months possibilities - malleable situation - do too much rather than too little

European opinion more favorable to American objectives now than for some time.
Approved For Release 2003/06/12 : CIA-RDP80-01065A000500120032-5
sense of fear (healthy)
sense of hopelessness (decreasing)

Korean success tremendous
UN has had real re-birth

All have increased objectives of US but decreased interest in Marshall Plan.

Marshall Plan info people must conduct in effect one info program -
i.e. (become more like State...)-JAF--we (ECA & State) must work
together.

Drummond Report on Public Opinion

Seaborne Transmitters - Sargeant

State IBD on design spec. for medium wave station on ships in event necessary.

Specs. also on megawatt transmitters.

Power system for megawatt transmitter (ships)

Korea

Theater time has not been taken in preparing the kind of data which can be
used in PW; Experiences of a people under Commie regime.

Adm. Stevens:

Guidance cleared thru the military - on issues in controversy between
State and Defense and before resolution.

(JAF notes)
